Key Features

- Industry-leading bill acceptance
- Illuminated 360° bezel improves purchasing experience
- Accepts 66mm or 72mm wide bills in four orientations
- Quick-release bezel standard on all models
- Three levels of stringing / fishing protection
- Coupon field teach mode for fast on-site activation
- Attention grabbing impulse lights
- Centric drive technology
- Advanced bill image processing
- Automated self diagnostics

More Profitable

New features to increase your in-service time and sales.

- Centric drive roller provides highest acceptance rates for skewed bills.
- Streamlined bill path and intelligent bill transport software reduces jam conditions providing highest in-service time.
- Automated self-diagnostics and visual bezel notification guarantee your validator is always ready to accept cash.
- Teach-n-Go coupon technology offers fast coupon enabling for unlimited promotional opportunities.

More Secure

Innovative technologies provide maximum security.

- Twelve sensor pairs scan more of the bill. Multiple analysis technologies increase acceptance while eliminating frauds.
- Proven optical and mechanical anti-stringing / anti-fishing designs protect against theft.
- Patented note path lockout provides high security Level Three protection.
- Advanced "Wet deck" design and co-molded sealing methods provide superior water protection. Surpasses IEC 60529 Ingress Protection - the toughest test for powerful water jet environments.

More Flexible

Easier to install, service and update.

- Quick-release bezel expedites installation and removal, even for tight installations.
- Broad range of support tools and accessories to meet your specific application.
- Automated self-diagnostics and visual bezel notification guarantee your validator is always ready to accept cash.
